To

Smt. Sonia Gandhi ji,  
Hon'ble President,  
All India Congress Committee,  
10-Janpath,  
NEW DELHI.

Respected Madam,

Madam, at the outset I would like to bring to your kind notice about certain facts about my individuality and damage caused to my character. Since the formation of the Telangana State ie., from the year 2014, several prominent leaders of Congress Party who have fought for the formation of the Telangana State hood have joined other parties. It has been understood that any person joining Congress Party from other party, who is able to lobby with the High Command can become P.C.C. President. Such mistake I have not committed nor will I commit. Some of our Congress Party leaders with perfect planning and malafide intention and propagating me as covert of TRS Party and it is most unfortunate that no leader has at least tried to condemn this false allegation. If any other party asks for joining their party, these leaders would point out that I have been joined the party due to personnel benefits. I am not of such kind person. That is the reason I have not joined any party though I have several offers. Being in such political crises I have not left the Congress Party. But if I speak facts I am called as covert. These types of allegations are being propagated by some of the party leaders through some You Tube Channels. My parents have brought up me with a motive that I should be help full to all walks of people. I should serve the people without expecting any kind and should attain good reputation among people. I shall not loose my individuality that is my motive. . It is to bring to your notice that I have lot of financial problems previously and currently also I am in huge financial crises. I have been raised to this stage with mot hard work and sincere efforts made towards the welfare of the people. My political journey has started since I was 15 years of age an continuing without any single allegation. Several leaders will demand financial donations for their political journey, but I never demanded any donations I have only taken loans and continuing my political career. I thought of maintaining a dignified career but unfortunately I have been framed with a bad remark as

covert which has caused lot of pain. The leaders of Congress Party who are making such allegation on me have to think twice that if I want to join any other party, I would have joined directly without any hurdles, why should I bare the damage of my character as covert. I have expressed my views that Congress Party will be greatly damaged in both the Telugu States during the bifurcation of the State as such I have been called Telangana traitor. But presently the so called leaders are feeling a lot and agreed that what Mr. Jagga Reddy said is true. Similarly for the last few months onwards I have repeatedly expressing my views that the State Party Leadership has to work with coordination with all levels of leaders and work right from the ground level, unfortunately I have been labeled as covert. This sort of attitude will caused lot of damage to the several other leaders who have sacrificed for the party. Being in the Congress Party, facing such false blames/allegations killing myself respect decided to lead an independent political life without any problems.

Further I would like to draw your attention that in the recently held election for 12 Local Body MLC seats, my wife Smt. Nirmala Jagga Reddy, has contested and secured more votes than what the Congress Party has in combined Medak District. I have challenged that I would resign if I secure less votes. I have fought for the Congress Party and protected the party's image. Being such a staunch believer of the Congress Party, I am not receiving minimum respect in the party. Several prominent leaders in the state have expressed their inability for not to contest in the said elections in their respective districts. At such critical situation for boosting the cadres confidence and strengthening the party I have contested the elections taking it as challenge. But the so called leadership has labeled me as covert. In Huzurabad bye-elections the state leadership has spoiled the image of the Congress Party. In this circumstance who is covert?

Further I would like to draw your attention that in the year 2017, with regard to Shri Rahul Gandhi ji's visit to Telangana, no one came forward for holding the public meeting. I came forward spent crores of rupees held public meeting in Sanga Reddy and made the public meeting a grand success, which created new enthusiasm in the cadre. Being such a sincere worker I have been awarded with a name of covert. Not even a single senior Congress Party Leader has condemned.

Should I work for the party with such false allegations and awards? If any leader is leading the party in wrong path, should I not speak? It is most unfortunate that though I am struggling hard for the party strengthening, they call me as TRS covert. Once upon a time there use to be groupism in the party. That looks a healthy one. But the current situation is worst one. I shall brief in detail at some other time. How the dignified politics will be led, I shall say and example, which is in history. "This is about the Maha Bharatha, during the war between Pandavas and Kauravas, Bheeshma Charya led the Kauravas and Arjuna led the Pandavas. Before beginning the war Arjuna left an arrow towards the feet of Bheeshma for his blessings. Does it mean that Arjuna is covert towards Kauravas? Not no. Our culture is to respect and greet though he is our enemy. Later war will be war. This should be understood by some of the fan associations and fan You Tube Channels who are misleading the present state leadership. I suggest that this type of history has to be learnt by each and every one. Secondly, everyone knows that Bheeshma is biased towards Pandavas, still Bheeshma fought on behalf of Kauravas, Its history. At the same time Karna has not having good faith on Bheeshma. But when Bheeshma was on death bed, Karna came and wept and expressed his anguish. Does it mean that Karnas has surrendered to Pandavas? No?". The history has to be learnt by every politician and should move forward. When the Assam Chief Minister Sri Himantha Biswa Sharma, made some derogatory statements on Shri Rahul Gandhi ji, the state leadership has reacted after one day. But I have reacted on the same day. In this who is covert, me or the leaders who have reacted late?

Further I would like to bring to your kind notice that the prevailing circumstances, putting blames on me are deeply hurting me. Instead of bearing these type of blames, thought of leading an independent life and serve the poor people and fight for the truth. In my independent political life, whatever I speak and question the leadership who is going to lose politically? If we observe the current situation I feel to lead similar political journey and also came to such conclusion. I shall revel my future political action of plan soon. I never thought in my life that I have to leave the Congress Party. But I am forced by the prevailing situations to move in the said direction. Thus I have decided to resign for posts in the Congress Party and serve the people independently.

My humble request is no one tries to meet me. The leaders who are under the impression that due to my action, the party may get damaged and similarly for their personnel political career kindly be away from me and lead a good prospect political life. It's my wish. Smt. Sonia Gandhi ji and Shri Rahul Gandhi ji's family is having a vast history. That is the reason I have utmost respect towards them and I like them very much.

As soon as I release this letter, with immediate effect I am no more associated with the Congress Party.

Very soon I am going to resign for the post of TPCC Working President and Congress Party and send the letter to Smt. Sonia Gandhi ji and Shri Rahul Gandhi ji.

With kind regards,

Yours sincerely,
